

Tuesday 5th September

8:30am: The Young Statistician's Guide to the Conference..... Auditorium A

Whether you are new to RSS conference or a seasoned attendee, this session will help you build your own conference programme, along with tips for getting the most out of conference and a run-down of the YSS highlights.

11:50am: Getting your research published and maximising its impact..... Executive Room A

Are you looking to get your work published? Or do you want to raise the profile of your published work? The session, jointly organised with Wiley, will provide valuable advice for writing journal and magazine articles, give an overview of article review processes, and explore available self-promotional tools to raise the visibility of your research.

13:15pm: Young Statisticians Lunch Reception Level 3 Foyer

Come and meet fellow career-young statisticians over lunch. All welcome – no need to book a place!

14:10pm: CStat: What? Why? How? Executive Room A

What is a Chartered Statistician (CStat)? What are the benefits of CStat status? How to I apply for CStat? All of these questions and more will be answered during this session by experienced Chartered Statisticians

Wednesday 6th September

8:45am: Prize winners: Young Statisticians Meeting 2017 Auditorium A

Come and hear the prize winning presentations of the Young Statisticians Meeting 2017

9:55am: Research Funding Executive Room A

Are you thinking of applying for research funding? Successful funding applicants and experienced members of funding committees share their secrets on how funding applications work, how to write a good proposal and tips on what the committees are looking for in an applicant.

14:30pm: Prize winners: Research Students Conference 2017..... Auditorium A

Come and hear the prize winning presentations of the Research Students Conference 2017

15:40pm: Young Statisticians: Get Involved! Executive Room A

Join us to find out how young statisticians can get more involved with the RSS and its initiatives; the African Institute of Mathematical Sciences, STEM, and Sections and Local Groups

18:00pm: Have I got Stats for you! Main auditorium

Inspired by a similarly named TV show, and with rounds taken from other much loved quiz shows, join us and our lovely panel of experts as we delve into a stack of questions around statistics from the past year. Unmissable!

20:00pm: Pub Quiz Night..... Bar Home, 80 Albion Street

All welcome! Come and enjoy a few casual drinks with fellow attendees and try your hand at our general knowledge quiz – prizes on offer and free drinks vouchers for all participants! Teams will be arranged on the night – arrive by 8:30pm to register on a team. Event generously supported by Atass Sports.

Thursday 7th September

9:00am: Prize winners: Statistical Excellence Award for Early-Career Writing..... Auditorium A

A special session in which the three finalists for the Statistical Excellence Award for Early-Career Writing will deliver presentations based on their articles. Also featuring a special guest presentation on 'Engaging with the Media' from Robert Cuffe, former RSS Statistical Ambassador and the new Head of Statistics at BBC News.

11:40am: STEM showcase Executive Room B

Are you interested in becoming a STEM ambassador or volunteering in schools? Jointly organised with the RSS education committee, this session will present examples of effective and engaging statistical activities that have been developed and run in schools.

14:00pm: Prize winners: Young Statisticians Meeting 2016 Auditorium A

Come and hear the prize winning presentations of the Young Statisticians Meeting 2016
