

YSS Bulletin

RSS 2017 Conference Special!

Guide to the Conference

New to the RSS Annual Conference? Not sure what to do? In need of some pointers? At the start of the conference, at 8.30 on Tuesday 5th September, the YSS run a "Guide to the Conference" session. The session highlights sessions of interest to young statisticians as well as opportunities to network with other conference attendees. The Guide also contains valuable pointers from a seasoned conference

attendee on how to make the most out of your time at the RSS 2017 Conference! A great way to kickstart your week!

Networking Opportunities

During the conference we have a "speed-networking" lunch and a pub quiz for young statisticians to get together in an informal

setting. These events are always great fun and a fantastic opportunity to meet other statisticians. At the "speed networking" lunch we pair individuals up and provide interesting and humorous questions to get the conversation rolling whilst enjoying a delicious hot lunch. The pub quiz, held at [Bar Home](#), is an annual conference highlight providing a night of laughter, conversation, fun and prizes! As always, all RSS conference attendees are welcome!

Prize-winner Presentations!

We have the pleasure of hosting prize winning speakers from YSM 2016, YSM 2017 and RSC 2017, as well as the winner and runners up of the 2017 Statistical Excellence Award for Early-Career Writing run jointly between the Significance Magazine and the YSS. Come to see these inspirational young statisticians deliver their prize winning presentations! For more details of the prize winner sessions [see the program on the RSS 2017 conference website](#).

Career Development Sessions

The YSS organise a range of career development sessions during the conference to help young statisticians with the next step in their career. Highlights this year include the **Research Funding workshop**, **Getting your Research Published**, and **CStat: What? Why? How?**, which all fall in the Professional Development Stream at the conference. We also have a range of other sessions including **Get Involved!**, the **STEM showcase** and new for this year **Have I Got Stats for You!** [Click here for more details of these sessions the conference website!](#)
